Technical Skills 2024

Delivering Technical Skills Training to Industry, with Excellence as Standard

Technical Courses at Elevated Knowledge

Elevated Knowledge Ltd. (EKL) offer excellent technical skills training for various industrial sectors and delivering internally and nationally accredited programmes.

We offer bespoke engineering up-skilling across the UK, incorporating theoretical and practical workshop training either at our training centre in Stockport or on-site at your premises nationwide. We offer a full range from short 1 day courses to 7 day programs that can be further enhanced with work based NVQ 3 training to give you the all-round bespoke qualification.

EKL provides specialist training services nationally and globally with many large multi-national companies especially in the Apprenticeships, Industrial Safety, Supervisory and Skills Development areas.

EKL recognises that training needs to be flexible and to cover a range of technical needs. We run scheduled course programmes throughout the year covering mechanical and electrical maintenance multi-skilling, welding, machining, pneumatics and hydraulics. These can be enhanced by offering Engineering NVQ 2 and 3 units if required.

We are able to tailor programmes to your own requirements to develop and improve maintenance technician competency and skills.

If this is something you would like to consider please contact our Technical Skills Sales team on 0161 475 5840 or email us at info@elevatedknowledge.co.uk

Safety & Compliance

Improving electrical safety and operator awareness is an important area of plant operations. We offer a variety of safety and compliance courses such as, 18th Edition Regulations and updates, PAT Testing, Hand & Power tools, Electrical Safety and Fundamentals of Electricity courses.

Mechanical Courses

Mechanical Maintenance	5 Days	Dates	£1,200 + VAT per person
Courses delivered regularly, contact us for availability			
Fluid Power	3 Days	Dates	£720 + VAT per person
Courses delivered regularly, contact us for availability			
Machining	5 Days	Dates	£1,200 +VAT per person
Courses delivered regularly, contact us for availability			
Fitting and Safe use of Hand Tools Course	5 Days	Dates	£1,200 +VAT per person
Courses delivered regularly, contact us for availability			

Electrical Courses

City & Guilds 2391-52 Level 3 Award in Initial & Periodic inspection & Testing of Electrical Installations	7 days	Dates	£895 + VAT per person Plus £72 C&G registration fee
Courses delivered regularly, contact us for availability
